

# GLOBAL 1.5

800.328.3332  
satelliteindustries.com

“The Global 1.5  
is the only  
over-sized  
standard  
restroom on  
the market.”

**Portable restrooms  
save 125,000,000  
gallons of water  
every day.**

It has twice the floor space of a conventional restroom, providing more room and a greater sense of cleanliness and comfort. Additionally, a corner shelf and hands-free door latch give users a clean surface to place their belongings and a sanitary way to latch and unlatch the door using their elbow. Inside, the Global 1.5 has color coordinated paper holder, vent pipe and shelf, which matches the unit color for a nice, unified appearance.

While the Global 1.5 is over-sized, the base fits on a standard restroom trailer for easy transport. Another important feature is the sturdy framework featuring the incredibly strong, one-piece continuous door frame used on the Global. The door itself has a five point integral hinge that eliminates door sag and comes with an exclusive lifetime warranty on the spring, door latch and hinge pin. Corners are reinforced using heavy duty molding. And, as you find with all Satellite restrooms, the Global 1.5 has an exclusive 10 year limited warranty.

“Packed with features suitable for large events and small gatherings”

Heavy duty impact-resistant base runners & .400" thick base.

Molded-in vents increase airflow and prevent tampering or vandalism.

Heavy duty 5-point door hinge eliminates sag and includes lifetime warranty.

### reviews

“The Global 1.5 was just the restroom we needed to provide our customers with a large yet affordable solution for everyone.”
